

PROMISING INTEGRATIONS CONSULTING FIRM, INC
CAGE Code - 96HG1 DUNS Number - 084317423

About Us

Promising Integrations Consulting Firm, Inc. (PICF, Inc.) is Michigan's only minority woman-owned IT consulting firm. Christine Burkette, CEO and founder, founded PICF, Inc. in 2004, focused on providing IT consulting services to K12 education organizations. In 2009 the company transitioned to providing IT consulting services incorporating large-scale installations from new construction projects to commercial facilities. Currently, PICF provides IT consulting services to K-12 education, start-ups, midsize to large enterprise-wide installations, defense subcontractors, and state & federal agencies. We provide services ranging from designing and building DEI LMS, instructional technology installation and training, fiber optic installation, enterprise-wide software integrations, Web UX design, App Development, Risk Management, Disaster Recovery, Cyber Security, IT Compliance, Process & Procedures Cloud-based Solutions.

At PICF, Inc., we are proud to be one of the few minority woman-owned IT consulting firms in the country providing innovative IT solutions in the information technology industry, with over 100 employees nationwide. Our goal is to provide IT employment opportunities and training in the urban, suburban and rural communities. The services we provide support enterprise to statewide initiatives such as streamlining processes and increasing technology efficiency and accountability. Working collaboratively with your organization, we help you design and launch innovative technology solutions!

Education IT Consulting

LMS integration, instructional technology tools and document management system. We can help your school district integrate a LMS platform and instructional technology tools and resources to provide your teachers, students and parents access to classroom curriculum, assignments, attendance, grades and school/classroom announcements 24hrs a day and a space to meet with students and parents 1:1. With the option to access and upload documents to streamline document management.

Security & Integration

Cyber Security, Disaster Recovery, Cloud Migration, C Suite Integration and Web Design. We can provide solutions for cloud-base servers, backups, DR cloud infrastructure, rapid recovery options and compliance. We offer short and longterm solutions for cyber-attacks leaving your enterprise vulnerable. Providing enterprise-wide agile solutions integrating legacy systems to cloud base platform.

Network Services

Wi Fi Connectivity and network mapping and management for new and existing infrastructures. We are the team to identify the gaps in your Wi-Fi connectivity and network mapping for new and existing development projects. We can streamline processes to increase Wi-Fi connectivity enterprise-wide. Providing IT business solutions to increase efficiency, accountability, and productivity.

"For over 20 years, we've been developing new and innovative IT solutions for education, enterprises, government of all sizes. Our mission is to provide companies with cutting-edge IT solutions that enable employees to work better and smarter."

Christine Burkette
